<sup>a</sup> This increase in the cost of management arises from the exhibition for the first time as a charge against the money order system, of the salaries of clerks in city post offices engaged exclusively in money order duties; also from the preliminary expenses incurred in organizing money order exchange with a number of additional countries, as stated in the report for the year ended June 30, 1883. <sup>b</sup> Including the amount of the 'Void' orders of the previous years. <sup>c</sup> Including payment for services partly chargeable to preceding year. <sup>d</sup> Under the system of accounts introduced July 1, 1888, these items cannot be given separately.

WALTER ROWAN,

Superintendent Money Order Branch.
